Written
Testimony

I am protesting your plan to build a homeless shelter on Koko Head Ave. We have lived in our home since 1942. Everyone in our neighborhood has shown pride of ownership by working to maintain our homes and property. We have no crime and we welcome new residents that can afford million dollar homes in our area, because that improves our property value. Unfortunately, there are unsanitary conditions that relate to the homeless, along with disregard for private property, litter, mental and drug problems. This element is not welcomed in our area that we have worked so hard to keep our living standards in line with our incomes. Educated representatives on Koko Head Ave. are requesting that you choose another site for the homeless shelter. We will never be a low income neighborhood because we have work ethics and values that make us responsible citizens.

Written
Testimony

Dear Committee, Thank you for this opportunity to provide Testimony.

1. This area is utilized by the neighborhood families and athletes, to enjoy all year long, during the day, at night, week days and week ends and holidays giving a safe place to picnic, exercise or just enjoy views of our beautiful island and even viewing firework displays.

2. State of Hawaii Department of Land and Natural Resources has declared this property unsuitable to be used as a safe zone. It is their expertise we rely on as experts in this field. Would it not be foolish to contradict them? Not only that, most people would agree this is not reasonable nor logical to use this historic site and local land mark as a "safe zone"!

3. If this plan is illogically moved forward, i will suggest that an Environmental Impact Assessment be made.

With much respect,

Sincerely

John B. Koffman

Written Testimony I go to Puuokaimuki mini park every day. This park is convenient and has wonderful views. I do not want this area turned into a safe zone for the homeless. If you attract large numbers of homeless people to Kaimuki I will not feel safe to go for my walks anymore.

Written Testimony

I live in the neighborhood and frequently enjoy use of the park where the proposed activity would reside. We have an extremely urgent and unhealthy situation with growing dangerous homeless people in this neighborhood. There are known individuals who defecate and sleep in local business doorways daily, I have witnessed homeless people stealing fruit from private property regularly, and screaming at children as well as intimidating families simply walking down the street. I have witnessed a well-known homeless woman stealing food from the 12th Ave Produce vendors and the Rainbow Grocery on Waialae and 8th Ave. The very last thing this quiet family-oriented neighborhood needs is an increase in homeless population. This sort of structure should be located in either an industrial area or another area that is not a high density residential area populated by families and hard working tax payers. While I empathize with the plight of the homeless, and agree that innovative solutions are needed, this proposal is simply preposterous, misguided, and SHOULD NOT MOVE FORWARD.
